The cold day in the lake region today, February 25, 1914, showed the mercury at 12 degrees below zero at 10 o'clock, and the temperature dropped to from 10 to 15 degrees below zero, according to various thermometers. The official record at the West Point was 8 degrees below zero as the minimum. Throughout this section the mercury varied from 8 to 12 degrees below zero to 22 below, the latter mark being reported at Rockwood by the Baltimore & Ohio railroad.

Although the weather forecaster was of opinion yesterday that the temperature would hardly drop below 15 marks of that day, Jack Frost made it plain that he is no respecter of the weather bureau. Today the Pittsburgh forecast has become considerably more pessimistic, predicting that there will be colder weather, he predicts that there will be little relief from the present snap for several days.

At West Point the region was gripped by the most severe cold snap in the history of the oldest inhabitant. The record here was 12 degrees below zero at 10 o'clock, and the temperature dropped to from 10 to 15 degrees below zero, according to various thermometers. The official record at the West Point was 8 degrees below zero as the minimum. Throughout this section the mercury varied from 8 to 12 degrees below zero to 22 below, the latter mark being reported at Rockwood by the Baltimore & Ohio railroad.

Other temperatures in this vicinity were as follows: Rockwood, 8 A. M., 11 below; Sand Patch, 8 A. M., 11 below; Youngwood, 8 A. M., 10 below; Scotch Run, 8 A. M., 10 below; A. M. 8 below; Irons Mills, 20 below.

The cold was general throughout Western Pennsylvania and West Virginia.

The cold snap in the southern end of the county was less severe. Other temperatures were as follows: All of the following were reported: Tupper, 11 below; Westville, 8 below; Martin, 10 below; Marion, 9 below; Snook, 10 below; Hill, 10.

PITTSBURGH, Feb. 25.—Zero was reached by the weather bureau's thermometer in Western Pennsylvania this morning, being the official record at Pittsburgh. At Freeport, on the Allegheny river, the mark was 14 below, and at Parker the government record is 22 below.

The cold snap today holds out hope for the immediate future.

ANNAPOLIS, Feb. 25.—For the first time in 20 years a snowfall is expected here today. About 1 inch is predicted.

CHICAGO, Feb. 25.—Two inches of snow fell here early today, bringing the snow cover to 10 inches.

HOSPITAL OPERATIONS.

**BREAK IN GAS MAIN CAUSES
SHORTAGE IN ZERO WEATHER**

Towns North of Here Affected by Accident in West Virginia; Repaired Quickly.

Cold weather caused the breaking of one of the Fayette County Gas Company's 12-inch mains in West Virginia about 7:30 o'clock last night. The supply was immediately shut off on each side of the break and a smaller main used to supply consumers.

The effect of the break was not felt in Connellville, the pressure being normal; but in Scottsdale, Mount Pleasant and other points north of here, it was necessary to shut off all gasolene and large consumers, in order that domestic consumers might have sufficient supply.

A large force of men worked until 10:30 o'clock repairing the break and at that time the gas was turned on in the 12 inch main. All pressures were normal this morning.

HIS NECK BROKEN

Charles Fuchrer Slips on Ice in the Youngwood Yards.

Charles Fuchrer, 39 years old, inspector of locomotives for the Pennsylvania railroad at Youngwood, while carrying an injector from an engine he was repairing yesterday afternoon about 3 o'clock, slipped and fell on the ice in the Youngwood yards, breaking his neck and killing him almost instantly. The body will arrive in Connellville Friday afternoon on the Pennsylvania train due here at 2:55 o'clock and will be removed by funeral director J. E. Sims to Hill Grove cemetery for interment.

Mr. Fuchrer was a son of Mr. and Mrs. George Fuchrer, Sr. of Levensburg, and had resided in Youngwood for about 12 years. He was well known in and about Connellville. In addition to his widow and a daughter, Mildred, 17 years old, he was survived by his parents and the following brothers and sisters: Mrs. Carrie Michael, Miss Bertha Fuchrer at home, Mrs. Clarence B. Marotta of Ligonier, George Fuchrer of Greenwood, Mrs. Jesse Kinch of Youngwood, and Ralph Fuchrer at home.

CURTAINS ON FIRE

Car Plug Blows Out, Causing Blaze in Curry Home.

The blowing out of a gas plug at the residence of John Curry, 225 North Fourth, caused a slight fire which was extinguished by members of the family before it did any great damage. When the plug blew out, the gas became ignited and communicated to the lace curtains hanging from the window. In a flash they were blazing. Mrs. Curry retained her presence of mind and tore the curtains from their fastenings, while other members of the family brought water and extinguished them. Mrs. Curry's hands were painfully burned.

An alarm was sent in to the fire department from box No. 223. The auto truck was on the job in record time, but the services of the firemen were not needed. The damage was slight. This was the first fire this month.

NO FREE PASSES

Public Service Barring Applies Only to Pittsburgh and Johnstown.

The outsiders who cheered the hope that the decision of the Public Utilities Commission in allowing railroads to give passes to the families of employees might cause the West Penn to fill in line and hand out a few looks as tokens of esteem, are disappointed.

Superintendent M. A. Coffey states that the company grants passes to its employees and to their families. Further than that, he says, the decision does not allow them to go. A group of former passengers who expected that they might be honored again with free transportation, did not reason it out that way.

AFTER A "WHITE WAY"

Superintendent Hooper of Street Department Going to Johnstown.

Superintendent T. J. Hooper of the department of streets and public improvements is going to Johnstown on Friday for the purpose of looking over the system of street illumination that has been adopted there. Mr. Hooper is soon to recommend the use of pedolite lights along Main and Pittsburgh streets.

HEARS SERVICE BY PHONE.

Dying Judge Listens to Sermon for His Dead Wife.

By Associated Press.

PATTERSON, N. J., Feb. 25.—A dying man adjusted his telephone for the purpose of listening to a sermon for his dead wife, James Inglis, who is suffering from pneumonia, to hear the funeral service read over the body of his wife, Mrs. Ella M. Inglis.

Though the service was held in the home of the Inglis home, Mr. Inglis was too weak to leave the room. When the service began he kept it there until the last word of the service was said.

**BAER PROPOSES TO
ENLIST BURNS MEN
IN VICE-WAR HERE**

Suggests Outside Aid in Obtaining Evidence of Immorality.

IS IN THE FIGHT TO A FINISH

"I Furnished Council With This Evidence a Month Ago and No Adverse Criticism Resulted," He Says; Takes Credit for the Recent Raids.

The stir caused by Secretary Baer's charges made from the pulpit of the Methodist Church Sunday night that there were 50 disorderly houses in Connellville, has grown rather than subsided. Mr. Baer declares that he did not make the statement rashly, for he knew that he might be called upon to furnish proof of his statements.

Chief of Police Butler had a conference with his patrolmen last night on this subject and the police declared that they do not know of any such houses in the city at the present time. A few places are suspected, they declared, but there is no evidence procurable against them.

Prominent citizens declare that Mr. Baer and the mayor should get together and talk the matter over. If Mr. Baer has any information, they say, he should give it, and the mayor should act on it. Mr. Baer says that the following statement this morning:

"Since the mayor has seen fit to intimate in a published interview that I have given public utterance to an untruth, and an untruth designed to be detrimental to Connellville, I am impelled in justice to the work in which I am engaged to make a public reply.

"I have never said there are fifty places of prostitution in Connellville. I have said that I have been told by men whom I believe to be honest and well-informed, that such a condition does exist. I believe these men know what they are talking about, and they would not say what they have said unless they knew it to be true. My purpose in making this public statement was to secure the enforcement of our laws for the protection of our boys, and since that purpose would not be conserved by the publication of the names of my informants, I shall not give them for publication. If my informant asks me for them, I can have them. I have never been charged by the people of Connellville with responsibility for ferreting out crime, and until I am, I shall leave that to those who are being paid by the city for such work, merely doing my part as a citizen to aid them and to see that they are not delinquent.

"I am, however, ready to make this proposition. If the mayor and the police force wish it, I will undertake to secure from interested citizens names of places to employ a detective for a short time, to either locate the places of vice which I still believe to exist, or to prove that my informants are mistaken.

"As to the existence of gambling devices, here is a specimen. A 'cheese-board' was located in a Pittsburgh street corner, shows a hand of playing cards each time a coin is dropped into the slot. If the hand shows is a good poker hand the player wins, and the better the hand the larger the winning fund. It was patronized largely by boys. Now I have a plea for forbidding anyone under 21 years of age to play it—evidently to convey the impression that the cheese-board is a bad habit for boys.

"As to the illegal sale of cigars, it is equally being done every day. All the officers of the law need do to secure evidence is to ask the boy who smokes the cigar who he got them. A vigorous enforcement of this law will stamp out this most vicious traffic.

"One month ago today I presented a letter to council calling attention to conditions in Connellville, and saying the same things I said last Sunday night. No exception was taken to any statement in that letter at that time, and I understand that since then the chief of police has made an investigation of gambling devices, and several places of prostitution have been raided. I am glad to know that this much has been done and shall continue to urge not only the city officials to do what they can to protect our boys against the habit of gambling, but also to prevent them from continuing to appeal to the people of the city to aid in securing the enforcement of our laws. As far as I am concerned this will be a much better effort in my opinion than the rush of vicious traffic in Connellville."

FIREMAN IS KILLED

Zuffel Steps in Front of an Approaching Train.

Walter Zuffel, 35 years old, a Baltimore & Ohio fireman, was instantly killed at Sand Patch Monday afternoon when he was struck by an engine on an opposite track. Zuffel's train had stopped and he was stooping to retrieve a poker that had fallen from the tender of his engine when he was struck. A fierce snow storm was raging at the time, which probably prevented him from seeing the approaching train.

The body was taken to his home at Somerset. Deceased was a son of Aaron Zuffel, who died on his way to the Gettysburg reunion anniversary last July. He is survived by his widow, five small children, his mother and two sisters, Mrs. Harry Davis of Somerset and Mrs. Clarence W. Shaffer of Johnstown.

PREDICTS BETTER SERVICE

Postmaster Indicates That Night Mail Will Lead to Further Extensions.

That the increased business resulting from the inauguration of night mail service will lead to further extensions of the mail service is the prediction of Postmaster McGinnis. On Monday night the volume of mail was unusually heavy, something like 1,500 pieces being collected from the boxes. Last night it was 1,200 pieces, which is believed to represent an average collection. A great deal of mail from business concerns, which was formerly mailed through the hotels or at the stations, will now go through the office.

It has been found unnecessary to have a clerk on duty after midnight, so the hours of L. H. Smith, who has been assigned to the night turn have been changed to from 3 to 12 P. M.

CUPID WINS RACE.

Rate Father's Message Fails to Block Floppers' Plans.

A telegram to arrest Charles Russell Post and Mrs. Lillian Russell, a well known pair of Art Rums, who fled to Cumberland, was received today by the chief of police at that place. The bride is 18 years old and the father is 18 years old. It is said, however, that the father is 18 years old.

On hearing that the pair fled Monday night from Cumberland on a Baltimore & Ohio train, he immediately sent the telegram and left for Cumberland on the next train. The telegram had already been received when the telegram was received.

DIES FROM SHOCK.

News of Brother-in-Law's Death Is Fatal to Woman.

Stricken with paralysis upon hearing of the death of her brother-in-law, Charles Fuchrer, who was killed in the Youngwood railroad yards yesterday, Mrs. Belle Wilkins died at her home on Treader avenue shortly after noon.

The shock caused by the news of her relative's death was so great that Mrs. Wilkins fell unconscious, and when medical aid was secured, it was found that she had suffered a stroke, the never recovered consciousness, but passed away shortly before 1 o'clock this afternoon.

**MAN HACKS HIS WIFE WITH
A CHISEL; TURNS IT ON SELF**

Painful Wounds Inflicted by Meyersdale Man but Both Will Recover; Brooded Over Finances.

MEYERSDALE, Feb. 25.—Crazed over financial difficulties and ill health, Bert Tresler attacked his wife with a blacksmith's chisel, inflicting a painful, though not dangerous wound. He then turned and hacked himself 11 times about the head. It required 40 stitches to close the ugly gashes which the man inflicted upon himself. His wife would take no further notice of the attack.

Tresler, who bore a splintered reputation in town, brooded over many matters until his mind gave way and he became a raging maniac. A heavy chisel was the first weapon that he could lay his hands upon. He is said to have thrown it at his wife, striking her on the head and then recovered it and pounded his head repeatedly with the sharp point. He may recover.

JUDGE YOUNG DIES

End of Federal Jurist Comes Suddenly at Pittsburgh Home.

PITTSBURGH, Feb. 25.—Judge James S. Young of the United States District Court died suddenly at his home here at 8:45 o'clock today. He was born in this city December 3, 1848, and received his early education in the common schools of Allegheny county. He was admitted to the bar January 7, 1872. On February 8, 1903, he was appointed United States District Attorney for the Western District of Pennsylvania, which office he held until appointed judge of the common pleas court to succeed former Judge Roberts, who resigned.

The following November he was elected for a full term of 10 years, and was serving his term when he was appointed judge of the Western District court by President Roosevelt.

Little real business was transacted. A list of pending business was read and it is sufficient to keep the councilmen busy for some weeks to come. No action was taken in regard to the passing of an ordinance requiring sidewalks to be cleared of snow. "Better call that the dust ordinance," suggested Councilman Gans, after Councilman Wright had inquired as to the progress being made on it. Both councilmen were of opinion that the time to pass the ordinance is while there is still some snow. It will be introduced at the meeting next Monday night.

Other ordinances that are pending are the following: License ordinance, ordinance requiring the laying of sidewalks, a conduit ordinance, as requested by the Bell telephone interests, and resolutions governing the sinking fund commission and the library appropriation. The councilmen will meet tomorrow afternoon to discuss all of these ordinances, and the clerk for action next Monday night. The councilmen will also consider City Solicitor Huber's plan for financing which must come up for action at the next meeting.

Early Appointment of Plain Clothes Man is Indicated.

BAER'S CHARGES ARE AIRD

Contract Awarded for Remodeling City Hall; Members Will Meet Again Tomorrow to Prepare Ordinances; Routine Matters are Considered.

That council is sincere in its desire to clean up the town and will welcome any assistance that can be given by Secretary E. T. Baer of the Y. M. C. A. is the opinion of the council. The council is in the matter of appointing a plain clothes man and it is not unlikely that such an official will be added to the police force within the next few weeks. Members of council held this such an official would be better able to gather evidence than a uniformed policeman.

Mayor Lockwood Marotta declared that his department would welcome any evidence that would result in the conviction of the keeper of a disorderly resort, and reiterated his statement, made earlier in the day, that the police force is at the service of Secretary Baer. "Produce the evidence and we will put the blocks to them," he declared.

Councilman Gans expressed belief that Secretary Baer may have valuable information that could be used in evidence by the proper officials. The councilmen, for the most part, supported Baer's contention that conditions in town could be improved. The matter will be discussed more thoroughly at the conference which will be held tomorrow afternoon.

To anyone in this community half needing men's, boys and children's clothing, shoes and furnishings, also ladies' and misses' shoes, including America's most famous and leading brands, this Profit Annihilation Sale will prove a revelation and a boon indeed. To really appreciate these remarkable values you must really see the goods themselves, marked in plain figures. We do not run sales often, but when we do we run a REAL SALE, as a single glance inside this store will convince you. If you can beat our prices elsewhere, we will cheerfully refund your money on your say so.

MONEY WILL TALK AT LEVINSON'S

(b). The integrity and high quality of goods handled by Levinson's is too well known to receive comment here. For years he has catered to the community's first-class trade, who know values, meeting with the success that his policy and merchandise deserved. But now for various financial reasons the entire stock is placed on sale for immediate reduction and disposal at actually less than the cost in the wholesale markets. But do not come before the opening day. These advertised values will be on sale only commencing on the advertised opening day. This unequivocally will be the greatest and grandest opportunity that ever happened to you in all your buying experience. We defy competition anywhere to duplicate the prices of this sale. Some may attempt to mislead by equalling our prices on paper by giving various pretexts and excuses at the store. Bring this advertisement with you and compare the goods at the store. That'll tell you more in a minute than we can tell you in this entire advertisement. As prices quoted are less than the cost of the raw materials, all goods will be sold exactly as marked and no goods will be sold on credit. Cash only in every case.

YOUR KIDNEYS

Connellsville Residents Must Learn the Importance of Keeping Them Well.

Perfect health means that every organ of the body is performing its functions properly. Perfect health cannot be enjoyed if the kidneys are weak and diseased. Thousands testify that Doan's Kidney Pills have a revealing action on weak kidneys. What this remedy has done in so many cases of this kind is the best proof of its merit. Read the following. It's testimony gratefully given by a resident of this locality: David Griffiths, 416 Pittsburg street, Scottsdale, Pa., says: "I had a constant pain across the small of my back and I was often so lame and sore that I could hardly get about. The kidney medicine was sometimes painful, then again scanty and distressing. Nothing helped me until I used Doan's Kidney Pills. You may continue publishing my former endorsement." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Griffiths had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

INDIAN CREEK.

INDIAN CREEK Feb. 24—Mrs. J. C. Green of Roaring Run, is spending a few days with her parents, Mr. and Mrs. W. F. Wallcut at Connelville.

Thomas Dally, Kate McGivern, Margaret McGivern, Ralph Conkle, Leonard Dally, Frank Riley, Edward Gibbons, Michael McGivern, John Healey attended the dance given in St. John's auditorium, Uniontown.

MEYERSDALE.

MEYERSDALE, Feb. 25.—Albert Koeppe, a native of Berlin, Germany, died at the family residence on Lincoln avenue yesterday morning, in the 54th year of his age. He is survived by his widow. During the Franco-Prussian war he served with distinction as a second lieutenant in the German army. A brother, Dr. Carl Koeppe, a noted surgeon of Berlin, survives. The funeral will take place tomorrow afternoon and will be conducted by Rev. George Avery Neel, pastor of the Methodist Episcopal Church. Joe Fogarty's famous DeWitt basketball team of the Eastern League was the attraction at the Summer Garden last night when they defeated the local Broadview team by the score of 40 to 30, and the DeWitt bunch certainly worked for all they got. Owing to Fogarty's illness he could not play, and had it been possible for "Fog" and "Tully" two of the best players on the Broadview team to get in the game, the result might have been vastly different. The game was a hot one from start to finish, and greatly appreciated by the large audience present. Tonight the Broadview boys play the Trinity Club of the Western Maryland League at Frostburg, and Friday night they play the T. A. C. team of Mount Savage at the Summer Garden.

CHRONIC CONSTIPATION CURED.

"I had been troubled with chronic constipation for two years and tried all the best physicians in Bristol, Tenn., and they could do nothing for me. Two packages of Chamberlain's Tablets cured me," writes Thos. B. Williams of Middleboro, Ky. For sale by all dealers.—Adv.

TUMBLE AFTER RECORD.

It is estimated that Canada will produce 1,000,000 tons of steel in 1914, which is the latest output in its history.

BETTER THAN CALOMEL.

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets. These pleasant little tablets do the work that calomel does but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the enamel. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dizziness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lazier" and "heavier." Note how they "clean" clouded brain and now they "perk up" the spirits. At 10c and 25c per box. The Olive Tablet Company, Columbus, O. All druggists.—Adv.

DICKERSON RUN.

TRADE COMMISSION BILL.

It is no wonder business again hesitates now that the Trade Commission bill proposed by President Wilson has been outlined at Washington. The Chicago Black Diamond summarizes the bill as follows:

After the passage of this bill no corporation—stock company—could have a private business. All its acts are subject to inquiry and all inquiries are answered by the documents it would file. Those wishing privacy to corporations as a firm.

No official of any company could be entered with any information which might be desired to withhold from a competitor. Such official could be forced to tell what he knew. And any one dealing with a corporation would find it impossible to make a complaint and compel the person having the information he desired to appear and testify. This would make the failure of any corporation in the common property of any competitor. This would destroy corporation efficiency and would invite the weak to prey upon the strong.

It would make all relations—no matter what their nature—in the corporation—public property. This makes a corporate form of business. In fact the law seems designed to kill off all corporations.

When it is considered that practically all of the business of the country is now done under corporate form, one can see the importance of such a law and other purposes over the old and extremely awkward partnership plan. The full effect of this bill upon the nation's business is better appreciated.

The Democratic party has done much to put business on the blink. If it really wants to better conditions it will leave business severely alone.

This is regular Bull Moose weather.

There are plenty of good jobs just now shoveling snow and the unemployed who really desire work can get it in the next few days. The Uniontown plan of making the City Hall an employment agency for this work is a good one.

The railroads are economizing in their stationery. This is a big loss to the printers and a small economy to the railroads.

A Greene county veteran survived the shock of battle and the teeth of time only to die of the measles at the age of 73. It seems that measles are dangerous to the old boys as well as the young ones.

The Pennsylvania mine pillar act may be a good law, but it is poor conservation.

The offer of the Chamber of Commerce, to place waste paper cans on the principal streets if the city cares for them, is not a new proposition and it is hoped that this attempt will prove more successful than previous ones.

The City Beautiful movement is commendable, but there is a disposition to think it needs a guarantor.

The railroad employees' passes that were dear have been brought back to life. The agency was perhaps in the nature of a pull, but it wasn't a pull-motor.
